

Should you *automate that?*

5+

saved hours per
employee per week
by automating
routine work.

Invoicing & payment reminders

Faster cash flow,
fewer mistakes.

Data entry & file organisation

Stop wasting hours
on manual admin.

Appointment & meeting reminders

Cuts no-shows and
saves admin time.

Customer follow-ups

Automatic check-ins
after service.

Report generation

Weekly summaries,
KPIs, dashboards.

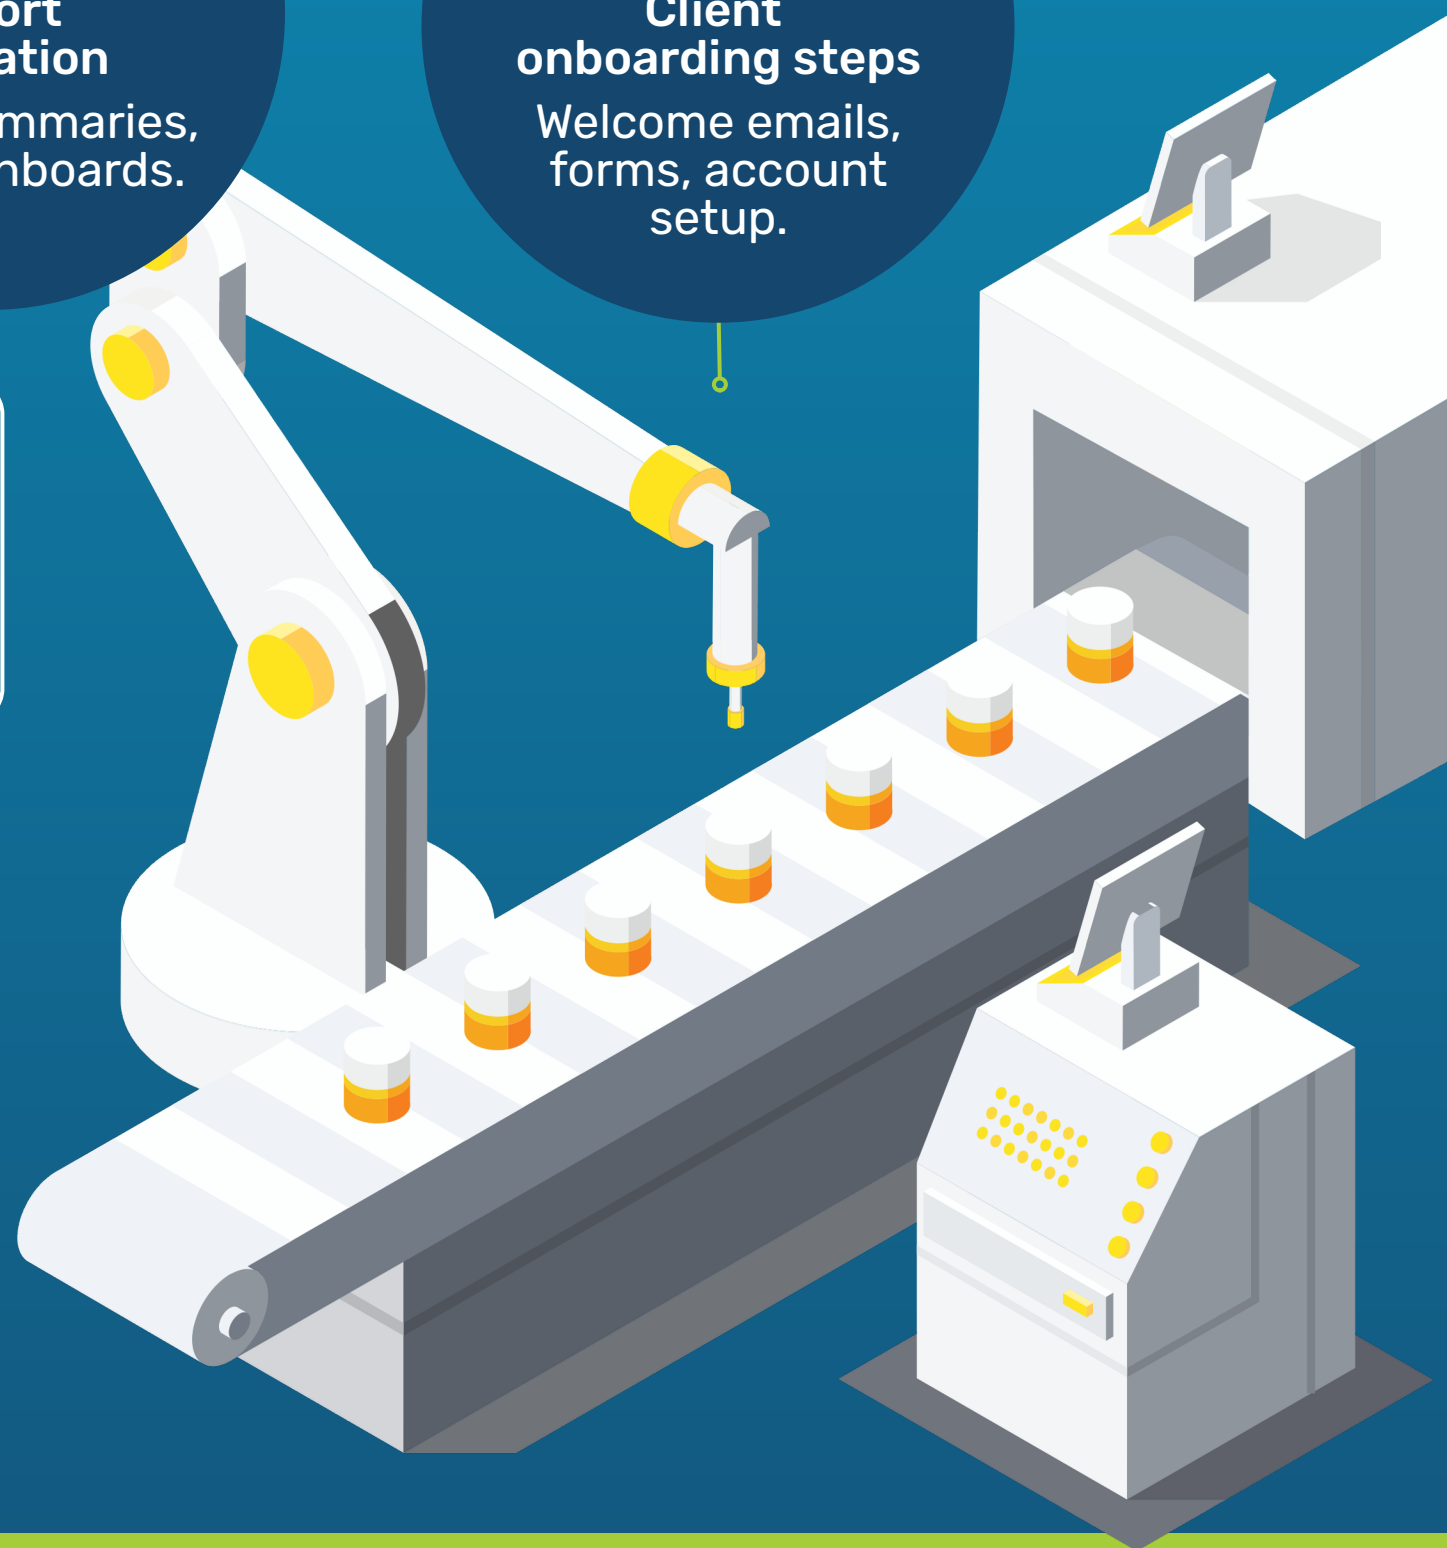

Client onboarding steps

Welcome emails,
forms, account
setup.

40%

of workers
spend a quarter
of their week on
repetitive tasks.

If your team repeats
it every week you
**should probably
automate it.**
